

Joe Lucchio  
ACNA Member 34296

I would like to introduce myself. My name is Joe Lucchio and I have been a member of the Audi Club of North America since September 2006. I'm seeking a position on the Board of Directors for the Golden Gate Chapter.

I've been involved with and around Audi's since the late 1970's, when I began working at Stevens Creek Porsche Audi in San Jose California, detailing cars on the weekend and eventually working in the Parts Department. Since 1998, I've owned six Audi's including my current B7 A4 Avant and MkI TT Quattro. In addition to that, I've been a very active member in the Audi online community.

I've been a contributing editor for Vortex Media Group since it's creation, which owns Fourtitude.com, an Audi enthusiast website. My MkI TT Quattro is the focus of Project TT, an online project on Fourtitude.com where I've provided information on modifying TT's. In addition, I was a Technical Editor for the online versions European Car magazine and Eurotuner magazine, where I answered questions and provided technical advice with regards to both Audis and Volkswagens. I'm also a contributing editor for Audi Club of North America's Quattro Quarterly magazine and have had a variety of articles published over the past couple years.

As a member of the Golden Gate Chapter since September 2006, I participated in my first High Performance Driving and Safety Seminar in January 2007. I've participated in nearly every driving event since then as well as worked as an instructor at this years Teen Driving Clinic. One of my goals it to become an instructor with the Golden Gate Chapter. In addition to doing events with the Audi Club, I've also done numerous track days with other groups such as Hooked on Driving, Trackmasters, NASA and T.E.A.M. racing.

On a more personal note, I spend my days (and sometimes nights) as a Principal Planner for the City of Fairfield, supervising the Planning Division. I've been a City Planner for almost 24 years. My wife and I currently reside in Vacaville California and spend most of our spare time cycling. In the winter we spend time on the slopes skiing and snowboarding as well as snowshoeing.

I am seeking this position because I believe that I have what it takes to help move the club forward and continue to evolve to meet the needs of current and future members. I've enjoyed being a part of the Golden Gate Chapter so far and think that my knowledge and skills would be a unique asset to the club.
